

## GREGG A. BOGIA, PE, PTOE, PRESIDENT

With over 20 years' experience in the engineering field, Gregg Bogia is recognized as a leader who firmly believes in providing sustainable designs to our community. Gregg is the founder of Bogia Engineering Inc (BEI), where he assembled a special team of professional engineers, traffic analysts, and CADD operators with the experience required to provide a wide range of exceptional services.

As president of BEI, Gregg plays a crucial role in the growth of the company. Under his leadership BEI has grown significantly, despite the environment of an economic downturn. Gregg

secured relationships with many clients including The Reading Hospital & Medical Center, Glen Gery Corporation and Our City of Reading.

Gregg has extensive knowledge of the local area, maintains relationships with many local offices, and carries a reputation for professionalism and quality engineering. A large component of Gregg's success is his ability to visualize developmental goals and guide his employees towards project completion. His strong desire to engage his clients in every phase of development is shown through the life cycle of each project.

A few notable projects Gregg has been involved with include:

- The Buttonwood Gateway Project. BEI provided land development and traffic engineering services for both Hydrojet and Sunrich Foods.
- Double Tree Hotel & Conference Center. BEI provided land development and traffic engineering services for the hotel and parking garage.
- Bern West Ridge Commercial and Residential project. Gregg provided a full traffic impact study, highway occupancy permit and traffic signal design.

Prior to opening BEI, Gregg was employed as Director of Highway Design, Director of Transportation Engineering, and Project Manager for various local firms. Gregg is a graduate of the University of Delaware receiving a BS in Civil Engineering, and is licensed in the states of Pennsylvania and Delaware.

Gregg demonstrates his commitment to the building industry through his continued support to the Home Builders Association of Berks County and the Builders Industry Association of Lancaster County. He serves on the Board of Directors for BARTA and is also a member of the Greater Reading Chamber of Commerce. He is a member of ASHE and the Institute of Transportation Engineers. Gregg is the recipient of the 2009 Eastern PA Business Journals Executive Spotlight Award. Gregg resides in the Oley Valley with his wife and two daughters.
